

DETAIL B SCALE 50 : 1

Number of channels 460 over 25mm
 Distance between channel 0.05mm
 Intepolation should provide ability
 to resolve between channels to
 achieve 25micron resolution.

It is possible to reduce further from
 15micron electrodes to 10 with an
 additional channel count and
 resolution.

UNLESS OTHERWISE SPECIFIED: DIMENSIONS ARE IN MILLIMETERS SURFACE FINISH: TOLERANCES: LINEAR: ANGULAR:				FINISH:		DEBUR AND BREAK SHARP EDGES		DO NOT SCALE DRAWING		REVISION V2
