Santiago Carmona

Conan Skaife

Louis Valenzuela

Angel Vargas

Good luck to them all.

Victor Yen if he were alive today would be honored by these winners. He too was an excellent student who received a BS degree from the University of Redlands and received a MS in Aeronautical Engineering from California Institute of Technology. He taught Engineering at Tri-State College in Indiana and later worked in industry at Ford Motor Company, OCLI, Optoelectronics and Cal Sensors before founding Electro Optical Components in 1997. He was a pioneer in the Infrared Filter and Detector industry.
