# smartGAS ANAREX Gas Analyzers

## Features:

- Custom-made multigas analyzer
- Highly stable measurement performance
- Easy operation via touch screen
- Fits in a 19" rack
- Communication via 4-20mA or RS232
- Low maintenance

## Technologies:

- NDIR & NDUV
- Electrochemical
- Paramagnetic sensors
- Photoacoustic sensors
- Zirconia sensors
- Photoionization detection
- Radiation detection technology
- Gas Filter Correlation (GFC)
