

CdZnTe Detector

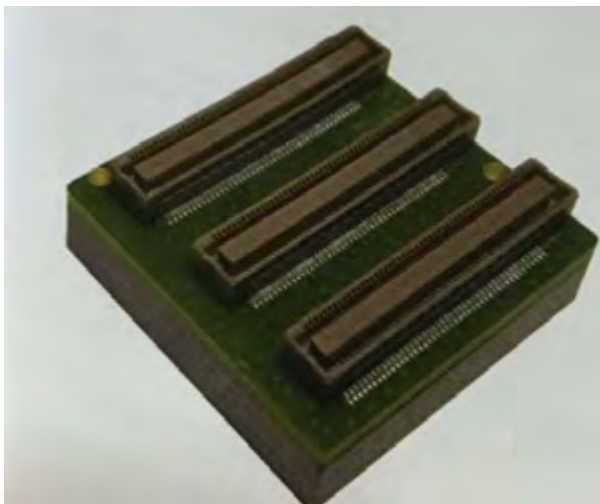

CZT high resolution pixel detector

Key Features

- Work at room temperature
- High energy resolution
- High spatial resolution
- Long-term operation stability

Applications:

- Homeland security
- Food inspection
- Astronomical detector
- Portable imaging probe

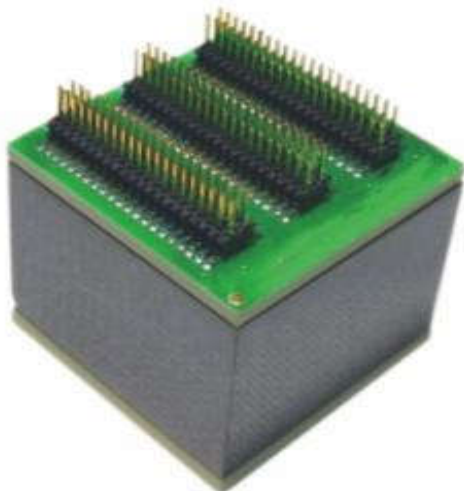

SPECT、Gamma camera detector

Key Features

- Work at room temperature
- High energy resolution
- High spatial resolution
- Long-term operation stability

Applications:

- Homeland security
- Food inspection
- Astronomical detector
- Portable imaging probe

Compton camera detector

Key Features

- Work at room temperature
- High energy resolution
- High spatial resolution
- Long-term operation stability

Applications:

- Homeland security
- Food inspection
- Astronomical detector
- Portable imaging probe
